Should Automobile Men Shirk Duty?

They should not, but they do. For instance, how often do motorists speed past a fractious horse, which is all but out of control of the driver who in most cases is a Japanese or Chinaman. How often do these motorists, (and not infrequently the passengers) fling some derisive yell at the rider of these frightened animals as they whiz past. The law states very plainly that a machine must be brought to a stand at a signal from a person in charge of a fractious animal, that the latter may be allowed to pass in safety. Inattention to this rule by a well known driver last Sunday morning, came near resulting in a serious accident. Notwithstanding the fact he saw the pilikia he was causing, he continued to approach the frightened animals, causing them to nearly throw their riders. Another act of carelessness of this nature, will result in an audience with our sheriff, who is known generally as a man of few words and prompt action.

W. A. Kinney was an arrival on the Hall Friday morning.

Society Turns Out By The Hundreds

The most successful society function given on Kauai in many years, was the dance on Saturday night at the Lihue Hall given by the Ladies of the Mokiha Club.

The spacious hall was tastefully decorated for the dance, the beautiful green and yellow decorations viewing with the handsome gowns of the ladies for supremacy.

Shortly after eight o'clock the guests began to arrive and by nine nearly every available inch of space in the grounds were taken up by the motors which came from all directions.

The guests were met at the entrance by Representative Coney, who in turn presented them to the ladies of the Receiving Committee. Each guest was soon engaged with the fair dancers who were waiting to enjoy the tuneful two-steps and the dreamy waltz. Seldom has such dance music been heard on Kauai, and the Ladies of the Club are to be congratulated on being able to secure such musicians as were present. As the hour of midnight approached dainty refreshments were served by a well trained corps of servants who dispensed delicious ice-cream and cakes.

Shortly before midnight every one rose as the quintette boys rendered Aloha Oe and Hawaii Pono, a few of the dancers taking advantage of the tuneful strains for a last dance. It was with regret that the dance ended so soon, the majority of those present wishing that the clock had been retarded for at least an hour.

The greatest praise and thanks are due the ladies of the Club, for the most enjoyable and brilliant dance ever given since their organization.
